**Mometavet™**  
Otic Suspension 

Mometavet Otic Suspension is an effective triple combination steroid, antibacterial and antifungal treatment that works to combat painful canine ear infections.

Administered just once a day for seven days, Mometavet has been proven effective in reducing discomfort, redness, swelling, exudate and odor, as well as the treatment of otitis externa.

\*Indicated for the treatment of acute and chronic infections associated with yeast (*Malassezia pachydermatis*) and bacteria (*Pseudomonas* spp. [including *P. aeruginosa*], coagulase-positive staphylococci, *Enterococcus faecalis*, *Proteus mirabilis*, and beta-hemolytic streptococci).

Clipper reserves the right to not supply free goods or discounts unless a Veterinarian-Client-Patient Relationship (VCPR) can be clearly demonstrated. Valid for US Veterinarians only.
